Afternoon Session (Friday, 20 February 2015): Quantifying Uncertainty and Understand Legacies

1:30 – 1:35   Overview of the Afternoon Session – Dave McGuire

1:35 – 1:50   Analyzing Uncertainty in Field/Experimental Research: A Hierarchical Bayesian Perspective – Colin Tucker

1:50 – 2:05   Role of Model-Data Fusion in Analyzing/Quantifying Uncertainty – Dave McGuire

2:05 – 2:20   Characterizing Uncertainty in Applications of Ecological Models – Jeremy Littell

2:20 – 2:40   Perspectives on Studying the Role of Legacies in BNZ Research – Michelle Mack

2:40 – 3:00   General Discussion

3:00 – 3:15   Coffee Break
